We offer a wide range of vehicle from luxurious limousine services to comfortable 4WD buses. We will go the extra mile to ensure that our clients' dreams of a comfortable, exciting and yet affordable trip/vacation is reality.

Our options include but are not limited to: full limousine service, 4WD vehicles (buses, trucks, cars) 2WD vehicles, and motor cycles.

We will gladly offer advice on the choice of vehicle based on the type of terrain that you might be headed for. For most of the upcountry destinations where the game parks are located, the 4WDs are the smartest choice. If you need advice before-hand, please email us marketing@nilesafaris.com. For an estimate on the cost of vehicles please visit our rates page.
